reesmart in...
WHERE'S ICY?

Prologue

Bubble

BFDI? BFDI doesn't really takes me back to too much memories nowdays... I remember back when we used to live together without a care in the world. Those were fun days. I was really good friends with Pencil and Match, we would do about everything!

I remember when the announced appeared, I just got out a fight with Blocky, as usual, the sole idea of winning a simple contest to win an island in which you could invite whoever you wanted in was incredible! No more blocky, no more snowball, no more flower! Only my friends!

When the contest started, my friends and I formed an alliance, that was the first glimpse of Freesmart! Ice Cube also wanted to join, but she wouldn't make it, as she made us lose.

It wasn't the end of it! The adventure of Freesmart would take years and years as we participated in the contest. We had to stick together, those were some really genuine days. To make it short, in BFDI, Match was eliminated, so Ice Cube came as an "Alternate" Pencil was really mean to her, but I kept agreeing to pencil, I didn't want to be in any trouble.

Eventually, Pencil and Ice Cube were eliminated. I was the only one left on the alliance, and I barely got to make it to the finale! It was a relief! The alliance actually sticked together and was about to win the contest! However, I lost, i came in third place behind Leafy and Firey. Maybe the alliance hasn't accomplished the task, however, I personally had a lot of fun in the contest!

But... at that moment... Leafy stole the island, which meant our alliance had to make it for another season!

Or at least that's what I thought, Flower, in a rampage, burnt all the recovery centers, and then killed me! It was my end! I would stop existing, it was truly scary, as soon as she started to walk up to me to pop me... I wouldn't be able to recover! I'll die forever!

Thanks to yoyle! The alliance personally recovered me, and as soon as I came back to life, a new contest was already active, this is the moment where I met Ruby, I didn't really like the fact of the alliance being so big, I was scared it would fall off! Match convinced me to not be worried, so I hesitated...

I guess Golf Ball was right all along.

We could switch whenever we wanted, so we even made our own team and invited the alternates, the team name was Freesmart. The challenge was so fun, I made good friends with Ruby, Book, and Ice Cube! I remember everything, we were going to the long lost yoyle city in a super van, we had a snow battle, we crossed a river, we killed pencil... and we won the challenge! That, however, would be the last time I would participate in BFDIA, as soon as the Speaker Box realized I wasn't able to participate I was thrown to the TLC for the very first time with Match, who was also eliminated at the time, but just completly skipped the elimination.

I have no idea what happened in between, but as soon as they released me with a wall teleported, everyone has moved to Yoyle City, it was an awesome time, but we moved back to Goiky because... um, this epiloge is getting long though, I will quickly explain what happened next.

In the TLC I met a lot of new people, and when we were all released they would go to live with us, it was pretty nice, I even recognized some people from BFDI 17 there.

Anyways, thanks to Flower, we all got sucked by Black Hole and teleported to an unknown location, but it was planet earth, I'm sure. In that location, we met Four and started another contest, this time, for A B.F.D.I! Wow! Since when the prizes are so good?

The alliance broke apart in the matter of 15 episodes, you may know what happened, but in just 15 sessions, Pencil, Match and Book were

eliminated in BFB 2, 12 and 14, and Ice Cube was in another team, only Ruby was left! And she kind of stopped talking to me anyways...

This is where this epilogue ends. And our last adventure as an alliance would start very soon. You will see why in a minute.

The Reveal

Bracelety

I was doing my task at the EXIT as usual, That's when Book came trough the door, book was eliminated... yeah, whatever, I continued making my work, answering everything with ICY!, and in a glimpse, I was done, THE CLASS WAS OVER!!! At this time, four puts on the screen what happened today, so I was able to see Ice Cube perfect performace! Do you know Ice Cube is the best person IN THE ENTIRE PLANET??

But I got worried, when Four put the episode on the TV screen, I never saw Ice Cube! She was missing! I knew that Book was in the same team as Icy's, so I decided to ask if he saw Icy today! So I started

-"Hey Book! Have you seen Icy today?"

"What? Ice Cube?" Book reacted, with a surprised look, "Wait... I didn't saw her in the elimination!"

"Actually..." Book continued "I don't remember her getting Cake at all! Four just said she was safe, but didn't threw a cake, it happened with Saw, too"

-"WHAT???" I asked, scared that maybe something happened to my idol! "DO YOU MEAN ICE CUBE IS MISSING?"

"Bracelety, It's not just Ice Cube, It's Saw!"

"Hey guys, I couldn't help myself but hear what you guys were talking about" Said a female voice, it was Liy; "And I didn't saw Clock in the video either"

"Clock wasn't in the last episode I participated!" Added Firey Jr. who

was also hearing, "The Losers didn't realize, and then Four just told them that missing contestants were excused for that challenge or something"

-"NOO!" I scremed in absolute agony, and finally, screamed in a really loud voice

"WHERE'S ICY?"

...

Liy looked at her back, and saw that mysterious door that she opened before.

"I think that door may have our answer" Liy said

Everyone turned to see that door... The lock was open, so Liy finally decided to see what was inside, everyone followed her to see what was four hiding from us...

IT WAS TERRIFYING.

Inside that door **was Icy's corpse**

I WAS IN SHOOK, I'VE NEVER FELT SO SICK BEFORE, TO SEE MY IDOL DEAD JUST IN FRONT OF MY EYES! I actually started CRYING, WHY WOULD FOUR DO THIS?

Everyone gasped.

"S-Saw? C-Clock? Ice Cube?" said Book

I didn't even realized Saw and Clock were there too!

"What are these people doing here? Why are they dead!?" added Stapy

As we were watching the HORRIBLE scene... I suddendly felt a presence behind me... everyone turned around and... *Four was looking at us.*

As soon as I saw four there, I knew it, I knew I HAD to escape... so

everyone started escaping. We burst trough the EXIT door in panic, Four started to screech, mutilating, zapping, every kind of horrible actions! Everybody ran away without anything but just the memory.

Four started to kill ALL OF US, one by one, I grabbed Ice Cube's corpse and escaped into the void outside of the EXIT. A few people survived, but various people died inside: Roboty, David, Stapy, Firey Jr. and 8-ball.

Book saw me, running with Icy's corpse, he seemed confused.

"Bracelety! What are you doing"

-"I'm saving Icy!" I said...

"But she's dead! Just run!"

-"No!" I screamed, "You don't get it, four WON'T recover Icy, his corpse is everything that's left!" "I don't want to lose her last memory in this world!" I started sobbing, knowing that Ice Cube may be dead, **FOREVER.**

Book stared at me silently, I know Icy was friends with him, what is he thinking right now?

Liy joined; "Guys, concentrate! we need to seek an exit out of here!"

That made me think... HOW do we get out of here!?

In that moment, book remembered his elimination, in which Four seemed to suck him inside his body, but with this information, what we could possibly do?

So, book started "The only way I can think of a way out, is getting sucked by four OUT of this void"

Liy argued "B-But, wouldn't that mean that we need to APPROACH four"

"Oh my god, we're so dead!"

It seemed hopeless! Everyone would die, our bodies would be put in

that room behind the mysterious door, just like Icy...

...

But then, us 3 heard a distant voice, an iconic voice, one that you would instantly recognize wherever you are! We heard...

"Let me take care of that"

It was Loser. I can't even describe how he did it... he grabbed all of us and made us leave! I'm not even sure how he did it! Loser was running inside the liar ball, why was he out? I don't understand! How could he put a fight up against Four itself? Why did Ice Cube hated him? I couldn't understand what was happening, I have no idea how it happened, but, in the blink of an eye, we were out...

"Oh, OH, I'M OUT!" Pencil screamed, "I'M OUT! LOSER! YOU'RE THE BE-"

Loser wasn't there, it was four, with it's arm grabbing it's insides, four seemed like it was struggling, we all ran away, as four seemed to start regaining his conscience.

In that moment, I realized something heavy was on my back, IT WAS ICE CUBE! I managed to exit with Icy! I was so happy, I kind of forgot what was I running for, it made me feel happy, it made me feel special, it made me feel like i did something, I was done... but I kept running with 2 people I've never met before... What did this meant?

Even if I runned even though I didn't have a clear objective, I still carried Ice Cube with me.

What is 4x0?

Liy

We were running out of 4 before it catched us, four was still fighting with loser, so we needed to get rid of it...

If I remember well, there was a period of time when Four dissapeared and no one came to the EXIT, so I asked Match about it as we were running away.

"Hey Match, how did you guys got rid of Four?"

"Oh!" She expressed "I think Ruby knows about that! Let's go!"

We ran to Ruby as fast as we could, and when we were fairly closer, I yelled

"RUBY! CAN YOU HEAR ME?"

Ruby turned around, she was in shock, people she knew that were eliminated were running to seemingly nowhere.

"RUBY! WE NEED TO GET RID OF FOUR AS FAST AS WE CAN! THERE'S NO TIME TO EXPLAIN!"

Ruby understood perfectly, and went of running to search Golf Ball to figure out how did they got rid of Four.

I don't know what happened next, but we just kept running, we knew Four had unlimited power, there was actually no way we could escape from it. It seems like four was still fighting with Loser since it still didn't pick us up.

So yes, even though it was pointless, we just kept running and eventually hide somewhere.

A few minutes passed, we 3 didn't really start talking again, we were too scared that anything could happen now. Our death could be at any moment, any second, and we wouldn't even realize, it was terrifying.

Bracelety seemed to find comfort in Ice Cube, and book tried to climb the tree we were hiding on while Pencil and Match ran to another tree. I just sat behind the tree hoping that nothing would happen.

I look to a hill, and I saw a Sled sweeping through that hill, it was Golf Ball, X, Ruby, Bubble and Donut.

I'm not sure what was Golf Ball planning, but I just saw how they were going down the hill, right where 4 was. I told Book and Bracelety to look.

X was at the front of the sled and donut was just behind him. Four finally stopped fighting with loser, it seems like loser finally lost. However, as soon as four turned to his right, the sled ran over 4, a bright light covered the entire landscape, I couldn't see a thing!

But then, I realized, out of nowhere, 4 and X were gone! We were free. We all walked over to Golf Ball, and she explained that now Donut had most of 4 powers, but sadly, **didn't include recovery.**

God, Bracelety started CRYING like there was no tomorrow, it was extremly annoying, I could barely hear anyone over her exessive crying, she was terribly sad. Out of nowhere, though...

"Stop crying, wimp!" Screamed Pencil at Bracelety, "It's not the big deal!"

"YES IT IS" Bracelety responded

"Shut up and look what I got from the EXIT's basement" Said pencil, to then pull off some blueprints.

It basically explained all of Four plan, Four would start silently killing everyone in the BFB cast and send them to Yoyle City; The city everyone came from.

We all took a look at the blue prints. Bracelety seems strangely happy

by thinking about Yoyle City, specially since she barely got to know it. She was in the TLC most of the time. Match didn't seem quite as happy though.

These blueprints meant that all of the contestants we found in EXIT were alive and in Yoyle City, but I personally had no idea where that was since I barely lived there.

Bubble exclamed "But, Yoyle city? We were transported to a random place on the planet! I have no idea where are we!

"You're right" Match said; "I have no idea how to get there"

"NO!" Bracelety screamed "I WANT ICY BACK! I think we should form to go to Yoyle City and find Ice Cube! You know, all together, I don't care where am I, or how well we get together! I will get there, even if I have absolutely no idea how!"

The iance members and Book started to stare each one akwardly, not sure why.

I wasn't really down to do this, but Book then agreed to Bracelety; "I think we should do it, and I know *someone* who can get us to Goiky."

Book then left and told us to wait right there.

I started to talk to Bracelety, but I couldn't help but notice iance sat together, but nobody even talked, they were just there, I have no idea why is this happening, is this related to their past? I had no idea, I just wanted to end this "Adventure" What in the world was I thinking?

The reunion of Freesmart

Book

BFB it's been hell, the viewers seem to have grown a dislike for me, even I regret talking bad about this person, it is really my fault, I guess I did really felt alone without my alliance, and Lollipop ruined everything with me, what was I thinking when I teamed up? I would had gladly accept Bracelety to replace her.

The person I just talked about was Taco, I've builded a really bad relationship with her, I really regret it, I did got eliminated for that, and it would be even more weird to, after everything i bashed her for, ask her help.

So I finally met Taco and started to talk to her.

"Hey Taco!" I started

"Oh, hi... Book? Is there any reason you're talking to me now?"

"Well, yeah... It may sound weird, but I need your help"

"Huh? Oh well, I might abandon you, are you sure you want my help?"

"TACO!"

Taco was laughing, "Heh, what do you want from me"

"Well, Lollipop told me that in BFB 7 you jumped from space back to earth"

"Yeah?" said Taco

I continued "Where did you land on?"

"I landed somewhere near Goiky, actually-"

"Can you help me find Goiky?"

"Why do you want to find Goiky?" Asked Taco

"J-Just follow me"

Taco and I went to where everyone was.

"Hey guys! Taco will help us find Goiky!"

"Wow, how do you know where Goiky is?" said Match

Taco started "Well, I-"

"DOES THAT MEAN WE CAN GET ICY BACK?"

Taco sighed, "Just... I'll be a Co-Pilot, and yeah, you WON'T get there walking, it's too much distance"

Pencil smiled, "Hey, I will drive it"

Liy, Golf Ball and Bracelety where confused, they all proclaimed "Drive what?"

While I and the other freesmart members already knew what she was talking about.

"Like, drive the FreeSmart Super Van!"

It was exciting! We didn't ride that thing for years! It's been so long! I remember how fun the challenge was in that episode, it was a true ride, we even got eaten by Evil Leafy? It was extremely weird.

Everyone walked up to the Van, some nostalgic for old experiences, some amazed for new experiences! We would go to another trip with it.

"So, you guys know what to do" Said pencil, then, she proceeded to open the door, and told us

"Get in the Van"

It was Me, Pencil, Match, Bubble, Ruby, Bracelety, Liy and Taco. Golf Ball and Donut decided to stay outside. It was it, it was time for FreeSmart last adventure: Find Ice Cube, Saw and Clock.

Match introduced to the new people the Van, this time, there was no HPRC inside.

We were all set down to go to the Long Lost Yoyle City once again.

Pencil pulled the keys and started the van, all the flashing fancy lights and the background music from the van would turn on and our trip to Yoyle City would start right there!

It was kind of weird, hanging out with my old friends and team like if it was years ago...

"So, Taco, where's Goiky?"

"Oh, yeah, let me visualize for a minute..." Taco said

Then, she continued "Can someone give me a blank paper or something to draw a map on?"

Bracelety immediatly pulled one of his blank signs for Taco to use.

Taco started drawing a map that pencil would later use to get us to goiky.

"Well, I walked from Goiky to this place in about an hour, so in a Van, It should take half an hour to get there"

"Ok, just tell me where to go" Said pencil

After a few minutes, everyone was doing their own thing, no one barely talked, I noticed Liy was just kind of there, so I asked her.

B:"So, how is your adventure going?"

L: "I mean, I didn't really expected my adventure to be a several hour long trip in a Van"

B: "Oh, believe me, It's not that bad"

L: "What can you really do here anyways?"

B: "You know... just chill, it's like a road trip!"

L: "I'm not a big fan of Road Trips..."

Match interrupted

M: "Believe me, the Super Van is so like, super cool!"

L: "About that, how did you guys get this Van"

M: "Classic BFDIA plot convinience!"

L: "What?"

M: "Uh, nothing."

R: "Yeah! Like when you got eliminated, but you kept playing!"

L: "You what!?"

M: "Ruby! Don't tell our secrets!"

R: "Uhh, I'm sorry"

L: "How did you even do that?"

M: "I-It doesn't matter, Liy! Just, like, keep doing your thing or whatever!"

Liy did really looked curious about all this fuss, however, I couldn't help myself but notice Pencil didn't raise a single word, she was just hearing to Taco's instructions... I'm sure she just doesn't want to be bothered with this

2763 miles away

Ruby

It's been half an hour! but we finally reached Goiky.

Once we reached Goiky, Taco decided to leave and to go back to wherever BFB takes place.

Liy decided to exit the Van too, exclaming that her adventure was over.

When they were walking out, Taco asked Bracelety:

T: "Hey, Bracelety, will you leave with us?"

B: "NO! I want to meet Ice Cube when she's back!"

Bracelety was really excited, so I guess we wouldn't be just FreeSmart.

As we continued, I started to recognize Goiky; A now isolated and completly empty place. I recognized the brilliant green hills as we passed by in the Super Van. We had passed a library and then I heard a slapping sound inside the Van; It was book, slapping Match as we passed the library

"Just wait till we get to Yoyle City" Match said, In a challenging tone.

We all gave a chuckle at Match's comment and moved on with the trip, I was talking with bubble, Match was (Or at least tried) to talk to pencil, it seems like we were all having fun together again.

...

Bracelety: "PENCIL! HOW MUCH UNTIL WE GET ON YOYLE CITY!?"

P: "It will take several hours, you must be patient!"

B: "OK."

...

B: "PENCIL! HOW MUCH UNTIL WE GET ON YOYLE CITY!?"

P: "You just asked that! It will take around 20 hours!"

B: "OK."

...

B: "PENCIL! HOW MUCH UNTIL WE GET ON YOYLE CITY!?"

Pencil bumps her head against the steering wheel

Book: "I think you should tone down your excitement a little bit, Bracelety"

Br: "WHY SHOULD I!?"

Bo: "I know you want to rescue Ice Cube, but you putting pressure on Pencil won't change a thing.

Br: "..."

Bo: "Just calm down, Ok?"

Br: "IS JUST THAT I REALLY WANT TO SEE ICY AGAIN!"

Bo: "Why do you want to do that so much?"

Br: "CAUSE SHE'S AWESOME! YEAH! GO ICY! I LOVE HER"

Book gave a smile

Bo: "Yeah, she's pretty awesome!"

Br: "WHAT ABOUT YOU BOOK? DO YOU LOVE HER?"

Book was clearly taken by surprise by the sudden question, everyone

couldn't help but laugh knowing Bracelety true intentions with that question, it was still really freaking funny. Book confusion was visible, not knowing how to answer the question.

Bo: "Uhh... I-"

Match breaks his laughter and interrupts book, his face started to show concern.

"Uh... Guys?"

We looked at Match.

"How are we gonna find Ice Cube in such a big city!? It's so big! We will never be able to find her! Maybe she, like, escaped yoyle city or something!"

The team stood there, looking at each other, we knew what we did wrong and we didn't know how to fix it.

I just tried to light up the situation

"Maybe we can think on a really good solution while listening to the radio! Right?"

"Ruby! That won't work, like, at all!"

"Just let me turn on the radio"

"No!"

I struggled a bit with Match to try to turn on the radio, but I got to turn it on in a random channel, the radio started, a familiar voice started talking...

"Liked our Leafy Detector? Well, guess what, now you can get the detector of whichever contestant you want! Just bring a DNA sample of the contestant, and 19.95 dollars and we will give you the detector!

"BUY NOW!!!"

...

Pencil looked back at Ice Cube's corpse, still there, right next to Bracelety

"Ruby..."

"I think you have found the solution."

Pencil started to turn back and drove off back to where all the contestants where.

"Wow! This is genious! Only 19.95? What a deal!" Said Match

"Yoy!" Bubble screamed at the top of her lungs. "It means we shouldn't struggle to foind ice cube, Right?"

Bracelety interrupted, "WAIT, WHY ARE WE GOING BACK?"

"It's part of the plan" Pencil started saying

"BUT WE NEED TO SAVE ICY!"

"That's exactly what we are about to do! We are going to save Ice Cube!"

"BUT WHY ARE YOU GOING BACK IF ICY IS OVER THERE!"

Pencil sighed, clearly growing tired of Bracelety.

"Look, would you leave me alone if I told you that by getting Ice Cube's corpse you basically saved her?"

"DID I!?" Bracelety screamed at the top of her lungs

"Yes, you did, now shut up!"

So Bracelety stayed with her mouth shut, but clearly surprised / happy at what Pencil just said to her.

And so we drove back.
